

College of Engineering Pune

(An Autonomous Institute of the Govt. of Maharashtra)

Acknowledgment

I would like to express gratitude towards my professor Dr. M.N. Shaikh who gave me the golden opportunity to do a project in Rapid Prototyping (RPP) under Manufacturing Science and Engineering. It helped us in doing a lot of research and got a hands-on experience on various machines and equipment in ME&IM Department.

Finally, I would also like to thank my teammates who contributed & put in a lot of efforts finalizing this project, completing it within the limited time frame.

Topic: Whitworth Quick Return Mechanism
